Press Release – for Immediate Release

## HHB Communications Canada Appointed Exclusive Modal Electronics Distributor

HHB Communications Canada are pleased to announce their appointment as the exclusive Canadian distributor of Modal Electronics - an innovative manufacturer of Synthesizers.

Modal was formed in the UK 10 years ago to create the ultimate hand built analog and hybrid synthesizers, and with their 002 and 008 products they have achieved critical success. Recently, Modal have released a new range of cost effective synths, starting with the Skulpt and Craft Synth 2.0. These are the first 2 products of a series of synths aimed at a wider market segment.

Dave Dysart, HHB Canada's President, states " We have been looking at expanding our product range into the synthesizer market, and at NAMM we were introduced to the people at Modal. The people and the products are first rate. We look forward to bringing this spectacular range of products to the Canadian market. "

Modal Director of Sales Jon Bickle commented on the appointment, "we always choose our business partners carefully and the new ranges needed a company with both great professionalism and passion. HHB have both in abundance and we are thrilled to be working with them"
